We aim to provide you with the newest and best products available. We will use our best efforts to notify you when you call to place an order if an item is not yet available. Anticipated delivery dates are based upon information supplied to us by the manufacturer, and are subject to change. If you choose to place an order, your credit card will not be charged until the item is shipped.

Business Customers

WAXX Records offers flexible purchasing procedures, which can be adapted to meet the requirements of your business. Call our sales associates at (416) 555-WAXX for details.

UPGRADE TODAY! Technics 1200MKII

Technics 1200MKII

Commonly referred to as 12's by jocks all around. simply the hottest tables on the market! 1200's have been the industry standard in turntables since the early 1980's. With things like .7 second start/stop time, +/- 8% pitch control. high torque motor, heavy feedback isolation, gimbal suspension tonearm, height adjustment and almost bullet proof case, you can't go wrong.

Cartridge not included.

only \$799

- strobe illuminator
- soft-touch start/stop
- integral rotor/platte
- Helicoid tonearm adjustment
- Stylus illuminator
- power on/off control
- gimbal suspension tonearm

Shipping • Overnight delivery is available to most locations in Canada via Purolator Air Service. Ordinarily, we use Purolator Ground for fast, efficient delivery of your order. • Sales tax: GST not included in listed prices. Ontario residents add applicable sales tax. The price in effect when we receive your order will be the price that is charged. Not responsible for typographic or pricing errors. No warranties or references are implied. All products in this catalogue are for illustration purposes only.

WAXX 30-DAY MONEY BACK GUARANTEE. • Many of our products come with a 30-day Money Back Guarantee. If, for any reason, you are not completely satisfied with your purchase of any of these items, call our Sales Team for a Return Authorization Number and a refund of the original purchase price of the item, excluding shipping and handling charges. You must return the undamaged product at your expense, including all its packaging and documentation and the blank warranty card, if applicable.

- CD-Graphics!

Ms. LadyDJ

Catch her at Club YYZ every week-end and Live to Air on 109.5 Thursdays.

When the ever-demanding **Ms Lady DJ** agrees, you know the Pioneer CDJ 500G is the hottest CD spinner available! Pioneer introduces the CDJ-500G, the professional-use CD player that DJ's have been waiting for. The CDJ-500G is the world's first CD player that includes a full range of powerful features that allow you to jog, sample, and manipulate digital-quality sound in ways you never thought possible. Get the unparalleled sound quality and effects of a CD player with the control of a conventional turntable. The CDJ-500G: total music control. The CDJ-500G is designed for professional DJ's, even in demanding environments. Controls are large, backlit and logically arranged, displays are easy to read, and all buttons and dials offer tactile feedback for easier eyes-off operation. When Ms. Lady D.J. says its the best, you know "It's the best!"

CD MIXERS

DENON DN-2000 F

\$1,499

Cue to Music & Instant Start When the PLAY button is pressed, audio starts instantly (within 0.03 sec). No delay, and no lag. Pitch Control The long stroke sliding faders work just like the pitch control on a turntable. The play speed of each CD can be individually adjusted by +8% allowing the DJ to match BPM of songs in a set.

CDJ-500G

\$999

Pioneer introduces the CDJ-500G, the professional-use CD player that DJ's have been waiting for. The CDJ-500G is the world's first CD player that includes a full range of powerful features that allow you to jog, sample, and manipulate digital-quality sound in ways you never thought possible. Get the unparalleled sound quality and effects of a CD player with the hands-on control of a conventional turntable.

The CDJ-500G is designed for professional DJ's, even in demanding environments. Controls are large, backlit and logically arranged, displays are easy to read, and all buttons and dials offer tactile feedback for easier eyes-off operation. You'll never look at another CD player the same way again.

MASTER THE MUSIC! only \$1,599

Studio DAT Recorder. 16-bit A/D and D/A converters. 8kHz, 44.1kHz, and 32kHz. Extended recording time. 4-motor transport. Q Code Recording. Memory Functions.

The D-5 digital master recorder fits comfortably into the professional studio and the home project studio as well. With three sampling frequencies, the D-5 is extremely flexible. You can have up to four hours of continuous recording or playback on a 120-minute tape. It's as easy As A CD!

Stylus specs

At Waxx, we know the kind of punishment that a stylus and cartridge must survive to make it on the club scene. We know how critical back cueing is in mixing and how much tracking force is practical for accurate performance.

For precise stylus tracking and back-cueing performance, these exclusive products provide optimum groove tracking and reduced record wear. Our styli also feature a special fluorescent coating to illuminate the tracking path for increased cueing accuracy under poor lighting conditions.

The integrated headshell design completely eliminates the need for headshell mounting or wiring—it plugs right into the docking collar of any standard-mount tonearm. Best of all, there are no exposed wires or cartridge terminals that may generate unwanted noise.
